

Clarification 001

The following clarification was sought by a bidder for Tender Reference No: **1000000612: Supply, Installation and Maintenance of CCTV System at Rerec Mweiga Store** and clarified as follows:

No.	Query	Clarification
1.	From the tender document, it is clear that there are three sites namely Nyeri, Kawi and Mombasa road go down. Further there is a mandatory site visit slated for 24th and 25th June ,2021 as stated in the tender document. Aware that Mweiga is in Nyeri and the other two sites are in Nairobi, please clarify the order of the schedule of site survey, which will happen on 24 th and which will happen on 25 th ?	The two dates are for Mweiga i.e. 24 th and 25 th .Once you visit Mweiga, further instructions will be provided.
2.	Kindly share the contact persons at the site for our engineers to contact them.	There will be REREC staff on the site on both site visit days.
3.	There seems to be a problem with opening the portal. Having tried on different browsers, opera, Google chrome and Microsoft edge, it is just opening up and giving a blank page. What might be the issue? In case you have shared any addendum, would it be possible to share the same on email.	Kindly use Internet explorer
4.	One of your requirement is NCA with CCTV listed the electrical category. Would you accept NCA-1 with general electrical category?	The tender clearly states NCA 5 electrical and above with category of CCTV installation.
5.	One your requirement also requires that technical personnel's to have been trained by the manufacturer of the proposed brand. Would it be possible to consider other professional certifications in the field of networking since CCTV is a subset with networking?	Training of CCTV and networking are two (2) different entities.
