

RURAL ELECTRIFICATION AND RENEWABLE ENERGY CORPORATION

Clarification 001

RFX No. 1000001473 (Supply & Delivery of Bottled Drinking Water and Disposable cups through Framework Contract for a Period of Three (3) Years)

Reference is made to the issues raised on the above tender in reference to ITT 6.1 of tender document and clarified as follows;

S/No.	Issues Raised	Response
1.	The request for tender refers only to drinking water and disposal cups but in the tender documents there is a reference of dispenser yet in the breakdown schedule there is no indication of how many dispensers are needed and the only mention of dispensers is for routine maintenance of the same. Please confirm this tender is only for drinking water+ disposable cups and routine maintenance of existing dispensers?	The corporation need a quote for routine cleaning of dispensers and Minor Repair of dispensers per Dispenser
2.	We would like a clarification on whether manufacturer authorization for dispensers is required since the tender document does not include dispensers and also the same for the supply of water if we are the manufacturers.	This was a typo error. Only manufacturer authorization for drinking water and disposable cups is required.
