Transfer of Energy Centres

Bukura Energy Centre Staff after being issued with their transfer letter

As part of actualizing the transfer of Energy Centres to REREC in accordance with the expanded mandate under the Energy Act 2019, the Corporation last week finalized the issuance of transfer letters to all the staff in the sixteen (16) Energy centres across the country. The exercise which was spearheaded by the CEO was in readiness to their reporting in the first quarter of FY 2021/2022.

In total, a hundred and sixty six (166) letters of transfer from the Ministry of Energy to REREC were issued, out of which 156 were for staff from the Energy Centres and ten (10) from the MOE HQs.

We look forward to officially welcoming the Energy Centres fraternity to the REREC Family.

Pupils, Teachers and REREC officials posing for a group photo following the donation of learning materials to Kalia Primary School, Kitui County

REREC has donated learning materials and a water tank to three schools in Kitui and Narok Counties. The donation was made in-line with Corporation's CSR programme which aims to help improve the standard of education in poor communities within the areas where we undertake projects and in turn provide a conducive environment for students to learn in.

The beneficiary schools which included Empor Primary School in Narok County, Kalia Primary School and Kakululo Secondary School in Kitui County, are from remote and marginalized areas where parents are
